Telstar Regional High School
Bethel, Maine 04217

As you depart from Telstar Regional High School, you will undoubtedly receiv countless offers of advice. In many instances, it will not be for many years that advice someone offers now will have any importance to you. It is usually as we become par ents that many of the things we learned as students have a stronger meaning. Often reflect upon the comments the speaker at my high school graduation closed with Hopefully, they will have some significance for you.

"You will work a long time. Choose employment you enjoy as opposed to tha which pays the most. Be true to your faith, it will sustain you during the trying time you will face. Choose a mate wisely, it is the most important decision you will make."

My very best wishes to you in all that you attempt.

Kent E. Rosberg
Superintendent

TO THE CLASS OF 2000

You have just completed four years of preparation towards your life's goals. It is my hope that you do not look at graduation as the final achievement, but rather as the beginning of more to come.

When you look back on your years at Telstar, I hope that each of you will recall your experience at Telstar as being rewarding, challenging and enjoyable. Your teachers have worked hard to provide you with the experiences you will need to succeed and meet your goals. As always, some of you have had to work harder than others to achieve this goal.

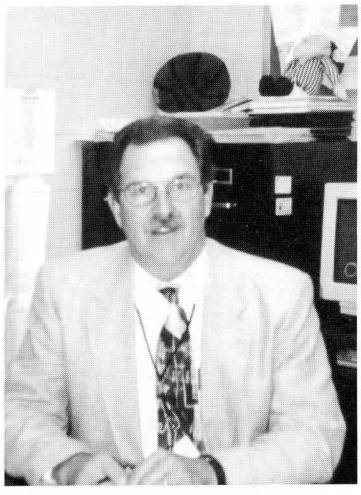

Let me leave you with this thought:

"That which we acquire with the most difficulty we retain longest, as those who have earned a fortune are usually more careful of it than those who have inherited one."

As you set and achieve future goals, may you also put your best effort into them so that you will be proud and want to preserve them as you would a fortune.

Congratulations to you on your accomplishments thus far, and I wish you the very best in your future.

Theodore R. Davis
Principal

Congratulations to the Class of 2000. As the century comes to an end, you will be well on the way to graduation.

The world is changing at a rapid rate and so will you. Take the lessons you have learned at Telstar and use them as a foundation on which to build your future. Think positively. Do something every day for a fellow human and something for yourself Make wiser choices for they become the road map of your life.

The world is yours - continue to grow; to learn; to strive, to make a difference. Finally, as you mature, remember your roots, for soon you will be supporting a younger generation - do it well - the destiny of the world is in your hands.

Carroll Higgins
Assistant Principal/
Athletic Director

Hold On Tightly to What Is Truly Important in Life

Hold on to faith; it is the source of believing that all things are possible. It is the fiber and strength of a confident soul

Hold on to hope; it banishes doubt and enables attitudes to be positive and cheerful.

Hold on to trust; it is at the core of fruitful relationships that are secure and content.

Hold on to love; it is life's greatest gift of all, for it shares, cares, and gives meaning to life.

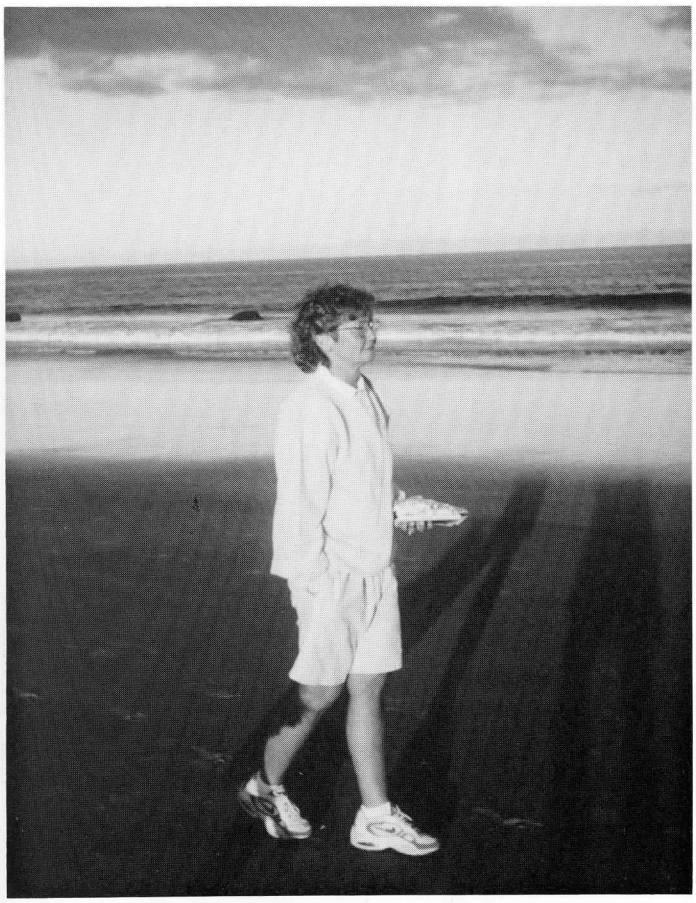

Hold on to family and friends; they are the most important people in your life, and they make the world a better place. They are your roots and the beginnings that you grew from; they are the vine that has grown through time to nourish you, help you on your way, and always remain close by.

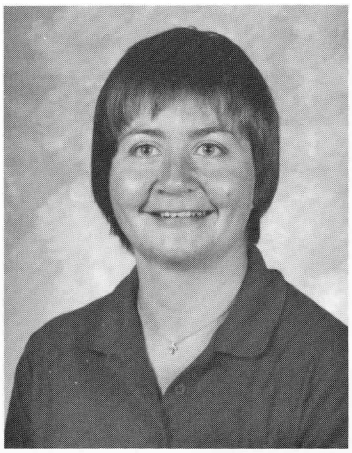

Hold on to all that you are and all that you have learned, for these things are what make you unique. Don't ignore what you feel and what you believe is right and important; your heart has a way of speaking louder than your mind.

Hold on to your dreams; achieve them diligently and honestly. Never take the easy way or surrender to deceit. Remember others on your way, and take time to care for their needs. Enjoy the beauty around you. Have the courage to see things differently and clearly. Make the world a better place one day at a time, and don't let go of the important things that give meaning to your life.

DEDICATION

Dear Miss Fox (Fawx)

It seems that words are inadequate
To describe what you are giving,
Putting up with it all each day
It's a miracle that you're still living!

There are so many things we'll never forget,
Like your Hazel and Emma stories,
But this is only a small part
Of your wise and well-rounded glory.

You are such an inspiration
Through all the words you say,
You're our fabulous foxy lady
With your peeps and your OJ.

You were always there with a little cat hair
And a big heart in the middle,
You were always caring so very much
When your students cared so little.

You're our little burping queen,
And our little topic hunt,
You're our little Nana Fox,
Though you'd probably rather be our aunt.

There isn't a smile brither,
Behind a sarcastic display.
You made an impression we'll carry tomorrow,
And one that will help us with today.

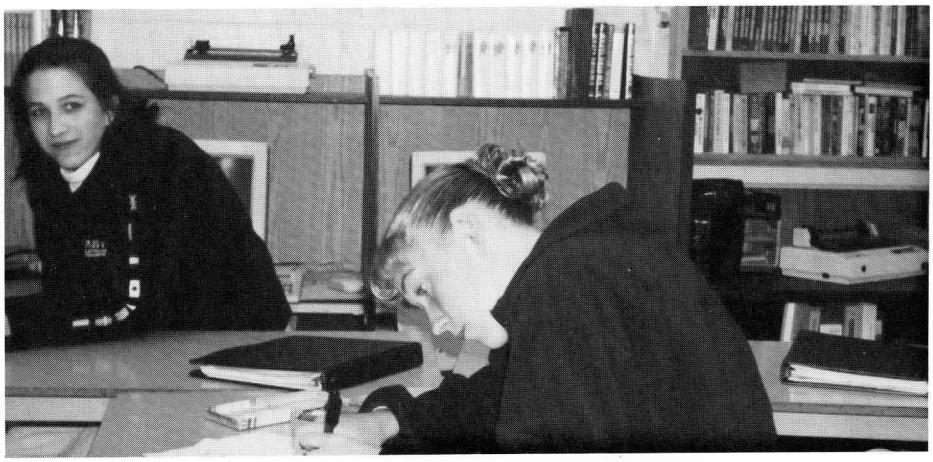

We'll always be your boneheads,
We'll always be your squids.
But be careful when you mix your words,
Especially in front of us kids.

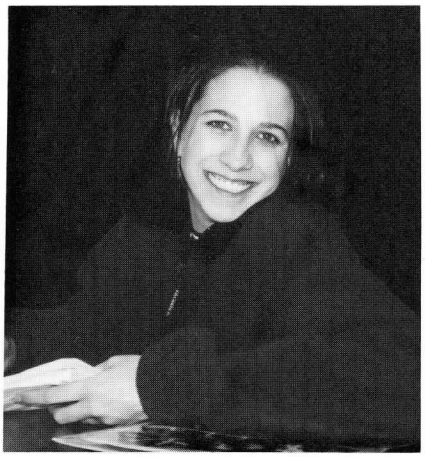

So we wish you much patience,
And courage through spiders you dread,
And many bags of skittles,
With mostly purple and red.

The Class of 2000 is grateful
For all the hearts you've mended,
And thank you for humoring us,
(Which was a pun intended).

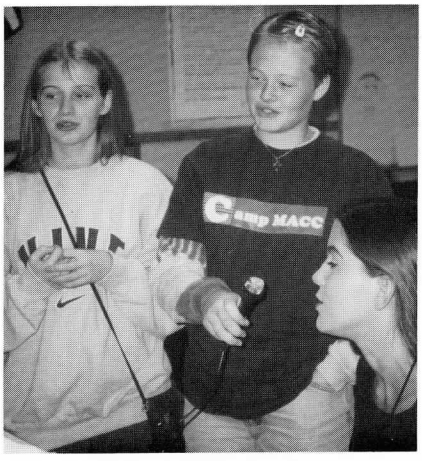

Thank you for seeing the person
behind the impossible habit,
And thanks for putting up with me,
Your forever clumsy Abbott.

We love you and we'll miss you.
The Class of 2000

For the class of 2000, friends and teachers:
To me you're an old pair of sneakers I've had,
(Which isn't to say you smell too bad).
And while looking down the road ahead
I will not forget all the miles we've tread.
A callous remedied by your reality;
We've worn each other well, molding my personality.
Rescuing me when I stepped in disaster,
You put your foot down and cleaned me up faster.
Your sole is something I will not forget,
And all of those times we got our feet wet.
And though I am changing to a different pair,
I will not forget the shoes, which have gotten me there.
-Thanks and love to my family, Skip and Jen and Miss Fox and her skittles. THE LOOP, FULL MONTY, THE FALL and SEINFELD FOREVER!!! Well everyone it seemed like forever but we finally made it! The past 4 years have been great and so full of memories. The summer of 99 was the best partying w/SW MC BW WB RM DF EH KB MW TP all those fun weekends w/SW + MC, oh and don't forget the coffee. Virginia w/ SW can't forget the duck. Prom night 99 BW MC want to go puddle hopping, payphone and Grenier, who's puking? Riding around everywhere w/everyone, do you smell that? Yes, they do have green M & M's, delivering papers, Rangley loops BW are you scared? Football games in Rumford, SHUT UP? BW where are you? Will you stop beeping your horn? Ghost w/SW BW MW, hello officer, SW don't spit in my drink. MC they locked you in that room food fights, watch out for that apple! RZ our long walks did you see that coyote? No flipping people off. Summer of 98 Brooks and Dunn concert. Steph thanks for always being there. Amanda believe me it only gets worse stay out of trouble and don't do nothing I wouldn't but if you name it after me. Only 7 more years left Sam. Mom + Dad I couldn't have done it without you. I luv you both! And for anyone else I forgot thanks. Well I can't believe we made it, its about time! Good Luck Class Of 2000!

This year I am graduating. Some of you are, others are not. Most of you will graduate. I am, so can you, unless you're____. Not that I'm saying you are, but then again, you could be. Any way, I'll miss you all. Okay, I probably won't miss all of you; I will miss some of you. Actually I won't miss any of you. I dislike every one, especially people with extra toes, and you know who you are. **Just kidding,** except for the thing about people with extra toes, that's just creepy.

Goodbye

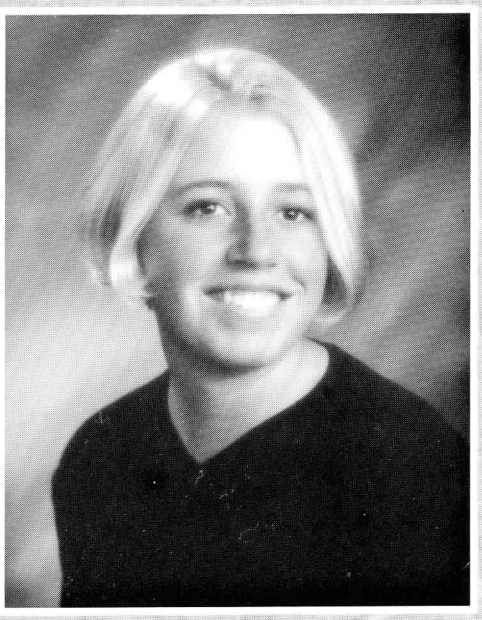

The last of last words spoken is Goodbye-
The last dismantled flower in the weed-grown hedge,
The last thin rumor of a feeble bell far ringing,
The last blind rat to spurn the mildewed rye.

A hardening darkness glasses the haunted eye,
Shines into nothing the watcher's burnt-out candle.
Wreathes into scentless nothing the wasting incense,
Faints in the outer silence the hunting-cry.

Love of its muted music breathes no sigh,
Thought in her ivory tower gropes in her spinning,
Toss on in vain the whispering trees of Eden,
Last of all last words spoken is Goodbye.

I once read somewhere that we are only passing through a phase of eternity. My thanks, apologies, joys, and regrets from this even smaller phase will be felt by those that warrant them, but to the system as a whole, I can only leave the words of Douglas Adams: "So long and thanks for all the fish."

Going along just another day,
Another place, in another way.
It is our time to figure out,
What to do with our lives now.
For every one younger you will
get to this point too.
For every one older thanks for
everything. I looked up to
everyone. You helped me out,
And now I must say, I will
take every encouragement in
my way. For every day is another day.
I am now on my way and all I can say is
I love you and thanks for everything!

To my father and mother, I can never thank you enough for your support and guidance. To all my friends, friendship never dies. To all the teachers that were there for me, I appreciated it. There's been many good times and more to be had. This is just the beginning of the times to come. Keep the memories alive. Here's to all the hot spots and ragers in the past and the future, may they be visited many more times.

My best memorys are playing leap frog on the north west Bethel road with MC, NC, and SW. I have great memorys of Stanlee at the mud runs he talked me in to putting my truck in. Then after the mud runs he pulled me out of the mud hole in the race track parking lot. Thanks Stanlee. My sweet hart CG. Memorys of racing EB. And really wooped on her she aint all that no more. Rubber burning contests at the boat landing showing them how it was done. Giving my enduero car with AM. And EH. It was great. Watching wrestling at DW's. Truck driving with Eddie rules. The man Stone Cold rules. And that's all I got to say about that!!!!!!!! "The best never rest Ford tough"

I have many thanks to my mother, my father, and myself for being able to complete high school. Some of the things that I like are going to parties, Maine BB, women, bubbleberry, Hooper's Alaskan TF, Uncle Dank, hunting, fishing, and exercise in general. Some of the things that I dislike are Auntie Mersh, school food, some teachers, getting to school at 7:25 a.m., Jed's, wiglets, and the cheesewagon. I appreciate having friends like CB, G.T., JW, NT, IR, RB, WB, CJ, JC, Hoop, Bean, Jeffro, and Walt. I am going to miss some of these people, because after high school I may not see some of them for a while. Thanks again to all my friends, family, Dank, and last but not least the Telstar High School Faculty, except for a select few.

Per Anders Sandstrom

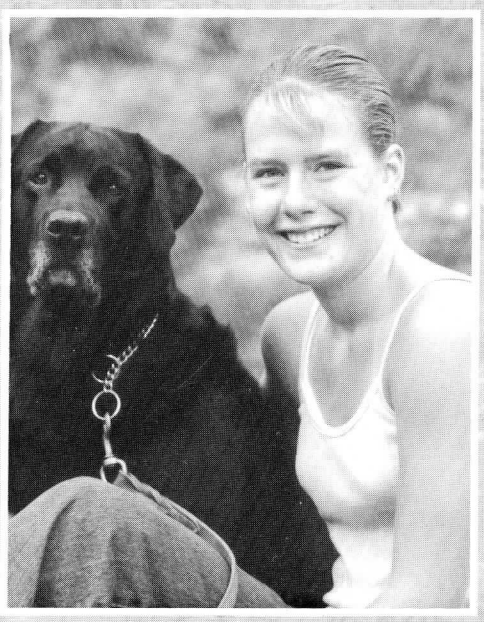

"At length the suns rays have attained the right angle, and warm winds blow up mist and rain and melt the snow banks, and the sun dispersing the mist smiles on the checkered landscape of russet and white smoking with incense, through which the traveler picks his way from islet to islet, cheered by the music of a thousand tinkling rills and rivulets whose veins are filled with the blood of winter which they are bearing off."

"I wish to speak a word for Nature, for absolute freedom and wildness, as contrasted with a freedom and culture merely civil, —to regard man as an inhabitant, or a part and parcel of Nature, rather than a member of society, I wish to make an extreme statement, if so I may make an emphatic one, for there are enough champions of civilization: the minister and the school committee and every one of you will take care of that"

-Henry David Thoreau

I have so many memories and so little room, so All that I'm gonna do is give my words of advice.
Chugging along
On life's rocky old railroad
Going so slow time nearly stands still
Pushing and shoving just makes time last so much longer
Just letting things go and going on with the flow
Is by far the only way to go
Wanting to go faster gets u no where
It just seems to set u back one notch further on the rusty rails of time
Taking things slow and letting things come as they may,
leads way to the silvery moon light that will wash the rust away.
I would like to thank some people who have helped me along the way. Mom Dad u have always been there when I need you. Jon what can I say u'r great. Miss. Chris thanks for all the support. Mrs. Olson keep on singing! And now to all my friends BW LH JA JH FB KB Jsue LC JM TG JG JR and for all of you I didn't put down sorry. I love you and thanks.

Jessica (Sister):
Your faith, hard work and love are what make you so very special. We want you to know that we are proud of you. There's been no greater joy in our life than watching you grow through the years. Just know we'll always be there for you.
Love you,
Mom & Dad

Abbie,
Because you try to be the best that you can in everything that you do, you will be successful in any career that you choose. We are so proud of you and all you have achieved! Keep your sense of humor - be happy!

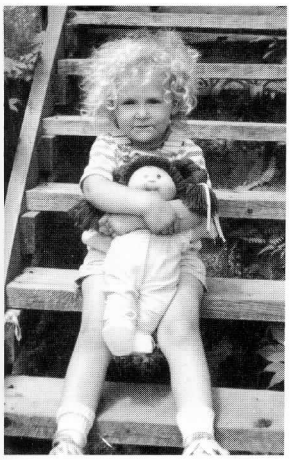

We love you,
Mom & Dad

Carrie,

Your whole family is so proud of you. It seems like yesterday that you took your 1st step. You've grown up so fast and changed so much just in the last 3 years. You are a beautiful quick witted young lady with a great personality. I'm proud of your accomplishments. I'm proud of your ability to maintain your dancing from grade K thru 12. Your ability to make the honor roll many many times. Your sportsmanship and ability on the field hockey field. You've done these things all the time while holding down a job and paying for your car along with doing homework and keeping up with the social schedule of your school. Sometimes life wasn't easy for us, but we struggled through it. Things have changed so much for all of us these last few years, and as you go it on your own they will continue to change. Have a goal in life that you want to work for. Focus on that goal, think positively and you can make it come true. There may be obstacles along the way, but you can still realize your dreams. Thank you for helping me out through the years. You make me very proud to call you my daughter. We will always be there for you.

We love you.
Mama,Craig & Monica

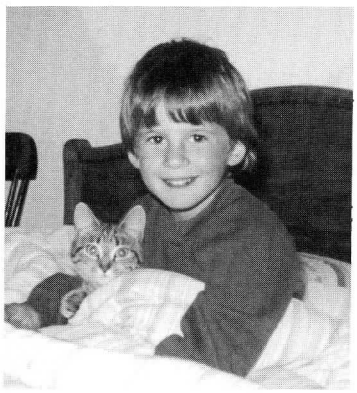

From the Heart

Erica Leigh,

You've grown into a beautiful young woman. We're so proud of you and everything you've accomplished. Always believe in yourself, reach for the stars, and may all your dreams come true.

"The Voice"
There is a voice inside of you
That whispers all day long,
"I feel that this is right for me,
I know that this is wrong."
No teacher, preacher, parent, friend
or wise man can decide
what's right for you -
Just listen to the voice that speaks inside.
S. Silverstein

We love you,
Mom, Dad, Andrew & Alex

Gail,

We've had fun together for 18 years, and we look forward to having more - even though it won't happen as often. Your family loves you, and we'll always be there for you. We're very proud of you.

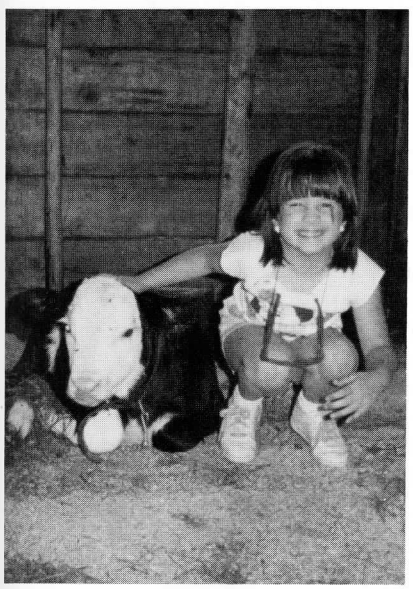

Love,
Mom, Dad, Jay and Andy

AMY L. ROBERTSON
"A Gift So Rare"

From the moment you, so fragile and small, were placed in your Dad's and my arms, we knew our lives were forever blessed and would never be the same. You have certainly brought that statement to life. You have blossomed into a unique young woman, Amy, certainly intelligent and most capable, but even more admirable is your nature to be sensitive, kind, and, at times, wise beyond your years. Life has dealt you what seems more than your share of challenges—and I have stood by and watched as you have emerged on the other side of a stronger and more determined individual. It is a mother's ultimate dream—a child so rare as you.

In this time, your graduation, I honor you, not only as my precious daughter but as a person so quietly successful and whole. I am overcome with emotions which range from absolute delight to a sense of loss as you take your place in the world; however, I am comforted by the realization that the love we share, as mother and daughter, is matched by few. You are my heartbeat, Amy Lynne, my lifeline, and I daily give thanks for your place in my world.

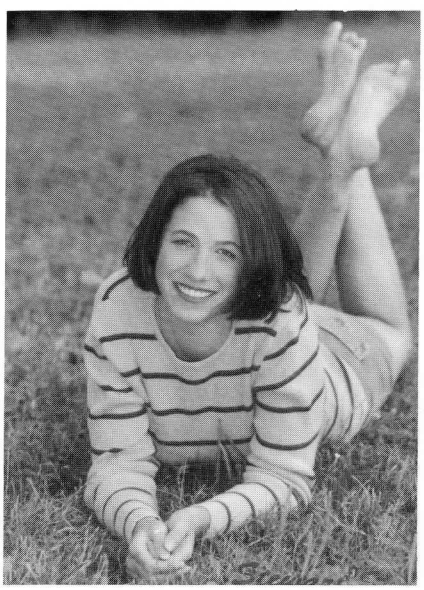

As the door closes on this chapter of your life and the next exciting one opens, please carry with you a few verses from this Phil Collins song—may they remain with you:

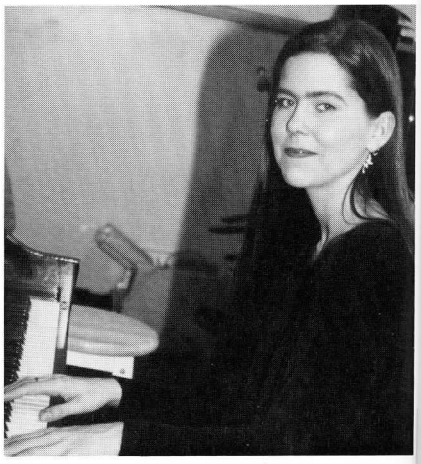

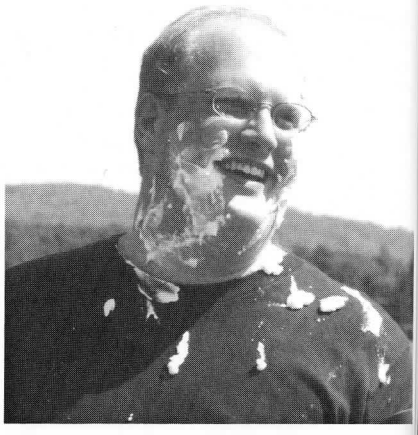

For one so small, you seem so strong.
My arms will hold you, keep you safe and warm.
This bond between us can't be broken.
I will be here—don't you cry.
When Destiny calls you, you must be strong.
I may not be with you, but you've got to hold on.

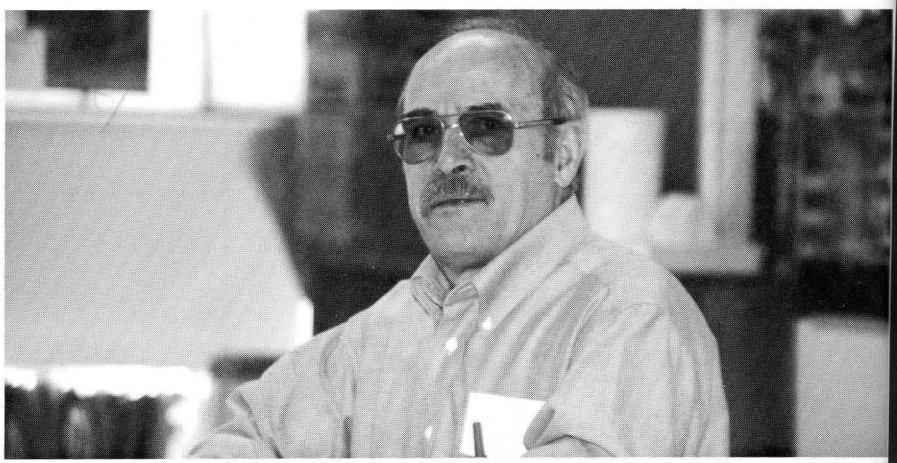

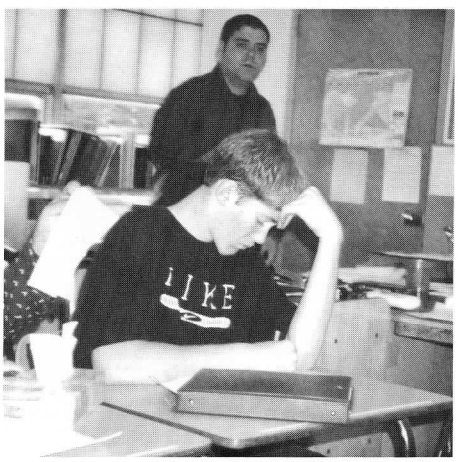

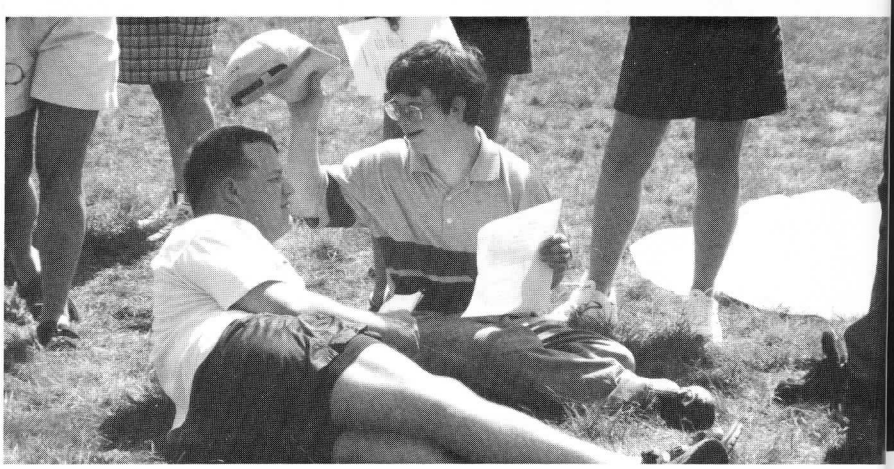

'Cause you'll be in my heart.
Believe me, you'llbe my heart.
I'll be there from this day on,
Now and forever more.
Just look over your shoulder.
I'll be there **ALWAYS**

I love you, my darling I am so very proud of you
Mom (June, 2000)
